

GREGORY M. BARNES

Warehouse • Facilities • Logistics Specialist

Decatur, GA 30034 • Business: (678) 678-0640 • thegreyowl2u@gmail.com

Mobile: (678) 886-0681 • gregorymkbarnes@gmail.com

PROFESSIONAL SUMMARY

Independent warehouse, facilities and logistics specialist with 10+ years of hands-on experience in warehouse operations, facility maintenance, automation support, and team coordination. Union freight operator with a track record across varied job sites, paired with recent contracted leadership in fulfillment, maintenance, and last-mile logistics. Open to contract and 1099 engagements.

CORE SKILLS

- Warehouse operations — picking, packing, inventory, shipping & receiving, order selection
- Forklift, reach truck & pallet jack operation — certified, OSHA-compliant, safety-first
- Facilities maintenance & repair — hands-on troubleshooting and preventive upkeep
- Automation tech — supporting automated systems, conveyors, and warehouse equipment
- Logistics & fulfillment support — inventory flow, team coordination, last-mile
- Union freight operations — job-site adaptability, safety, and crew leadership

PROFESSIONAL EXPERIENCE

Picker / Packer (Contract)

2026

Veho • Last-mile logistics

- Handled high-volume picking and packing for last-mile parcel fulfillment, meeting daily sort and dispatch targets.
- Verified package accuracy against manifests, scanned tracking labels, and resolved exceptions to protect on-time delivery.

Labor Hand (Contract)

2026

Maersk • Port / terminal operations

- Supported terminal-side labor operations including loading, unloading, staging, and cargo handling.
- Maintained safety standards around active equipment and high-traffic work zones.

Warehouse Organizer & Operations

Jul 2026

Dumak USA • Contract

- Organized warehouse floor, inventory locations, and daily operational flow under supervisor Elisa.
- Coordinated material handling and team movement to reduce downtime and bottlenecks.

Facility Maintenance Lead

2023 – 2026

Quickbox Fulfillment • Contract

- Lead maintenance technician supporting fulfillment operations and overall facility upkeep; reported to Bill Adams.
- Performed hands-on troubleshooting, preventive maintenance, and repair across warehouse systems and building infrastructure.

Active Freight Operator

2015 – Present

Local Unions 834 & 728 • Union contract

- Contracted through local unions as forklift operator, apprentice, and decorative industrial worker across multiple job sites.
- Operated lift trucks, reach trucks, and material handling equipment safely within active freight and industrial environments.
- Verified production checklists, product labels, and shipments for accuracy before transport; reliable attendance.

Order Selector

Sep 2019 – Present

Merit Logistics, LLC • San Juan Capistrano, CA

- Pulled merchandise from stock and loaded items on pallets for outbound order fulfillment.
- Moved filled orders between picking, packing, and shipping areas, keeping daily workflow on schedule.
- Applied safe stacking and shrink-wrap; maintained fast-pace output in cold, heat, and dust.

Order Picker

Mar 2019 – Present

Strom Engineering • Hopkins, MN

- Picked merchandise from bins and shelves and loaded onto pallets for shipment.
- Inspected stock for wear or defects, reporting damage to supervisors; met end-of-shift targets.
